

Personal Website — Planning Sheet

Complete this before touching your keyboard. Think first, build second.

Name: _____

Date: _____

Period: _____

① YOUR CONCEPT

What is the main vibe of your website? Circle one word and explain why:

- | | | | | |
|----------------------------------|-----------------------------------|-----------------------------------|--------------------------------|----------------------------------|
| ☐ Bold | ☐ Minimal | ☐ Colorful | ☐ Dark | ☐ Playful |
| ☐ Serious | ☐ Artistic | ☐ Tech | ☐ Chill | ☐ Loud |

Why this vibe?

② REQUIRED SECTIONS — Check what you will include & plan the content

■ **About Me** *3–5 sentences about who you are. What should yours say?*

■ **Interests & Hobbies** *At least 2–3 with images or icons. List them:*

■ **Favorite Things** *Music, movies, food, games, places — your call. List ideas:*

■ **Something I'm Proud Of** *A win, a project, an achievement. What will you write about?*

■ **A Goal or Dream** *One big thing you're working toward. What is it?*

■ **Find Me** *Social handle, email, or any link you're comfortable sharing:*

③ LAYOUT SKETCH — Sketch your page below. Label each section.

==■ Draw your page layout above. Label: header, nav, each section, footer.

④ COLORS & FONTS

Main color (write hex or name): _____

Accent color: _____

Font style: ■ Serif ■ Sans-serif ■ Monospace ■ Handwritten

Overall feel: ■ Light bg ■ Dark bg ■ Colorful

⑤ YOUR FIRST COPILOT PROMPT — Write what you will ask the AI to build first

Tip: Be specific. "Build me a personal website with a purple header, my name in big bold text, and an About Me section" works. "Make a website" does not.
